DAAROM NU OOK KORTINGEN OP MEERDERE PRODUCTEN

The HERFST and WINTER are approaching again and it is now more important than ever to strengthen your resistance and this can be done with support by taking the Swedish herbal bitters 2 x daily.

## WE GET A COMPLETELY NEW FRESH LOOK

with the trusted content and functioning of all our products

The Swedish herbal bitters, herbal MIX, pure natural soap and synergetic remain the "old" look that you were used to. You were used to, only the labels of the bitters and the herbal MIX are/will be slightly adjusted to the current standards. All other products will have the new fresh look with the new labels and the new dosage packages. However, we still have the "old" packages in stock and all of them, as long as supplies last, can be purchased at a discount. 😊 You will see this automatically on the website when you start ordering. 😊

As long as stocks last we will still issue the "old" and familiar assortment booklets and that should not be a problem, because the information remains the same and on the website you will automatically see which product already has the new look 😊 .

**NEW NEW NEW NEW NEW NEW NEW NEW NEW NEW**  
2 types of pure natural soaps. Like the trusted Swedish Herbal Natural Soap, which is suitable for all skin types, the new soaps are also FREE of palm oil, fragrances and dyes and are even handmade.
